

Hundreds of New England Music Teachers use and endorse Jewett Pianos

In point of real solid value the Jewett pianos stand in a class by themselves. They have won their high reputation by actual use in the homes and studios of discriminating musical people

## The JEWETT

NEW ENGLAND'S FAVORITE PIANO

The wonderfully rich, resonant tone of the Jewett is unusual and distinctly modern in quality. Leading musicians—teachers like Carl Faellen, pianists like Carlo Buonamici, singers like David Blapham, violinists like Czerwinsky, conductors like Creatore, composers like Mascagni—all endorse its remarkable tone.

**\$400**

Famously reliable and durable, the Jewett has been for over half a century a piano of quality. It is now better than ever—the greatest value at its price. Although built at an increased cost to us, the selling price remains the same. New models for 1916 may be seen at all Steinert stores. Your choice of several handsome styles besides the one shown above.

Moderate monthly payments. Liberal allowances on pianos in exchange

Other new upright pianos of various makes in twenty-five different styles. Complete range of prices from \$275 up

### Athena underwear is tailored to fit.

Who would want a dress that was stretched and pulled into place!

Why, then, underwear that is shaped by pulling and stretching?

Women who appreciate comfort, who wish underwear that fits smoothly, who would enjoy freedom from tightness at one spot and unnecessary fullness at another—for these women, Athena underwear.

Athena is cut from knitted fabric—cut on natural and correct lines. It fits just as a dress or a suit fits. It doesn't wrinkle or bind. It makes one's dress look better as well as feel better.

Athena has these notable features:—

Sloping shoulders and sleeves which conform to the shoulders without wrinkling under the arm

Perfect shoulder-stay which holds sleeve in place and prevents stretching across the shoulders

Curved armhole which brings arm-seams to natural bend of the body and holds garment closely and smoothly up under the arm

Patent seat which gives protection and abundant room whether one is sitting or standing

### Daintiest of Dresses for little Girls.

Girlish and sweet, but with a great capacity for service—new dresses of fine pique with beautiful hand-done embroidery.

Some embroidery is pure white. Much is done in colors; notably in the soft pastel shades, now in highest favor.

One style is made with unique bolero which is embroidered all around the edge as well as upon front.

Some styles have simple little pattern upon front; one smart Russian dress even has edges of sash-slashes

expertly embroidered.

\$4.50 to \$7.50.

In direct contrast, fine dresses of filmy new voile. These, for little girls' party wear, for many special occasions.

Some models have skirt with clever circular tucks, some have lace medallions set into waist.

Truly fine of material, truly pretty of style, \$8.50

Challis dresses with splendid combination of niceness and service.

There is one with white jacket and red sash that is vivid reminder of the dashing Zouaves of France. 'Tis for an alert eager girl; will please her thoroughly.

One sort is of quiet color-tone with tiny figures imprinted all over it—and it has waist trimmed with rich red or green. A quiet beauty shows forth from every line.

Solid rose and blue is made up with vestee-effect in pure white and with white sash.

There's a striking striped dress, almost Roman in pattern. It's of brownish effect, yet not brown—and very smart.

Some of the prettiest in the gathering have shirring, some are smocked, some are finished with fine faggoting. And, sometimes, the shirring is done with draw-cords which may be loosened when laundering is to be done—and made easier.

\$4.50 to \$8.50.

All these various sorts in sizes from 6 to 14—and with hardly two dresses of any one pattern.

Second floor.

### Youthful dancing frocks that are not alike.

That added pleasure of knowing one's dress is not like somebody else's is assured young folks who pick from this splendid gathering.

In all the collection there will hardly be found two along same exact lines. Naturally, all are in accord with the favorite fashions of the season. But, those fashions have not been followed slavishly. One dress has little touches of individuality which distinguish it from another. In the rare cases where two dresses are of same style, their colors contrast—and what a different in appearance that difference of color makes!

Blue chiffon taffeta made up with net. Robin's-egg blue taffeta with embroidered figures and lace sleeves. Quaker frocks of blue or pink; simple in line, trimmed with narrow velvet. Fine pink taffeta embroidered with bow-knots in silver. Pink chiffon over net and trimmed with lace. Pink crepe of simple clinging model, graceful and dainty. Blue marquisette finished with satin girdle and bands of satin around skirt. Net with taffeta girdle and taffeta bands.

This just hints at the variety. It can give no idea of beauty; or of stylish air; or of value.

A great saving of time and energy is easily made by young folks who choose from these. There are no hours and days to be spent in planning and sewing. Instead, a delightful frock all ready to wear.

Sizes 13, 14, 15, 16, 17, 18—\$7.50 to \$27.50.

Second floor.

tives of the deceased. There were many handsome floral tributes banked about the casket. Interment was in the family plot in Park cemetery. The bearers were: B. Lill, B. Lee, C. Hanson and D. Ginnand. Mrs. Strassburger died on Saturday at St. Vincent's hospital, at the age of 78 years. She is survived by a sister, Mrs. Sophia Kam; a nephew, William Kam, and a niece, Miss Emma Kam.

### AMBROSE BOHAN

The funeral of Ambrose Bohan was held at 8:30 this morning later from Sacred Heart church where a solemn high mass of requiem was sung by Rev. Richard F. Moore, assisted by

Rev. Matthew Judge as deacon and Rev. Thomas J. Mooney as sub-deacon. The church choir sang Schmidt's requiem. "Ave Maria" was sung at the mass. At the conclusion of the services Mrs. Casserly sang "I Will Give You Rest," and as the body was being borne from the church Mrs. R. J. Witterwill sang "Thy Will Be Done." The attendance of relatives and friends was large and there were many floral pieces of much beauty. The bearers: John Mulligan, James Quinn, Frank and Jerry Clancy, James McQueen and Henry O'Brien. Rev. Father Judge read the committal service at the grave in St. Michael's cemetery.

## WATEROUS ENGINE IS "JINX," ASSERT LUCKLESS FIREMEN

Big Machine Goes on Another Rampage and Increases List of Accidents.

The powerful jumbo Watrous engine, station No. 2, engine house and known by all the firemen as "the Jinx," again figured in an accident Saturday afternoon, when Walter Frank, engineer of No. 2 Chemical company was the act of cranking the motor the engine back fired and the crank struck Frank in the pit of his stomach, inflicting a painful contusion.

Driver, Daniel Killen then attempted to crank the engine and he suffered a painful bruise of his right arm when the engine again back fired. Killen was not seriously injured but Frank had to be taken to his home in Chief Horkheimer's automobile.

A few weeks ago Hoseman Thomas P. Quigley received a deep gash on the left cheek and a dislocated shoulder while he was attempting to crank the stubborn "Jinx." He has not yet fully recovered the use of his arm but he is on duty, however, as watchman at No. 2 house.

When this machine was first assigned to duty two years ago a serious accident was narrowly averted at Putnam and Orchard streets when it bumped on a manhole in the center of the intersection and crashed into the side of a house at this point. Early last August it narrowly missed striking and maiming two children on Central avenue when, in response to a call to the home of George Nordling, a tracing builder on Boston avenue, the steering gear broke and only for the presence of mind of Driver Walter Frank the jumbo engine was averted. It would have turned a somersault and went rolling down the precipitous Ogden street hill. It is said among members of the fire department that every body dread being assigned to Watrous engine No. 2.
